

Friends of Peachtree Hills Park

Mission: *To improve Peachtree Hills Park in ways which serve the needs and interests of the surrounding community.*

Several years ago, neighbors got together to address the sad state of Peachtree Hills Park. They called themselves the “Friends of Peachtree Hills Park” and spent countless hours removing truckloads of kudzu, poison ivy and trash. The primary improvements that neighbors wanted were paths to walk/run on, native/hardy landscaping, better lighting and benches. The “Friends” endured endless meetings and correspondence with City of Atlanta staff whose responsibility to manage parks for the broader community (including reserving the playing fields for non-Atlantans for a fee in order to generate revenue) was often at odds with what neighbors wanted. At long last, however, the plan was approved. (Please view the plan on the Peachtree Hills website). We’ve raised enough money for the first phase of improvements, but will need thousands more to complete the plan.

Phase I of the plan- installing paths has begun. If you’d like to get involved or want more information, please email: **FriendsofPHPark@bellsouth.net**

Park Pride (a 501C3 Non-Profit) acts as fiscal agent for Friends of Peachtree Hills Park. This allows us to accept gifts and offer a tax benefit to donors.

How Can YOU become a “Friend”? Annual membership dues are **\$10**. This small amount offsets the modest fee Park Pride charges to manage our account.
